### S. Calvin Taylor.

Read the letter from the President of the Haverhill and Lowell Mineral Railroad Company published in this issue. It gives the full plan of organization.

One company has voted \$75,000 aid to the Ovensboro and Fall-of-Bough railroad. When a town wants a railroad it usually has to give something to the enterprise and Ovensboro has shown her business push by this action.

The President on Monday nominated Melville W. Fuller of Chicago to be Chief Justice of the United States. He is said to be one of the finest lawyers in Illinois and his appointment will be warmly approved by all parties alike.

Chas. Hendrie has resigned the office of County Surveyor and the Sheriff has ordered an election for the first Monday in August. The convention next Saturday will be called on to select a Democratic candidate for that position.

We may not get our railroad this week, this month, or this year, but we are going to have it, sure and certain. Butler County News.

This is the right kind of talk. Keep it up and all will be well. We will need the railroad from Henderson to Bowling Green.

The Louisville Southern line is completed to Shelbyville and that event was celebrated by a great excursion from Louisville over the line of road to Shelbyville. The people of Shelbyville did themselves credit by the way they entertained the excursionists. Towns to get railroad mail be up and at work.

The Ford-Barnett controversy is resumed in this issue of the **HERALD**. The reason for so doing is only too easily to be explained by the fact that our subscribers who were anxious to see the discussion and who requested us to continue the publication, Suggs and the Ovensboro have submitted and it is to be hoped, for the benefit of a long suffering public, that this controversy will not like Tennessee's look go on forever.

In this issue we publish Gov. Buckner's veto message on the Muhlenberg ten cent tax bill. Comment on it is unnecessary as our consistent and upright Governor fully explains the matter in his message. This veto is like all the rest just fine, Governor Buckner has certainly had his hands full to hold the present Legislature in check, but like Governor Cleveland when he is needed he is around. The bill was respectfully returned to the Senate and Mr. Jones is Senator from that county.

This advertising column of a newspaper is of as much value to the people as any other part of the paper. In then may be found the price list of many things the people want to buy and frequently the exact cost of same. They act as a buyers guide and the purchaser can find in them where and at what price certain articles can be had. Some people will read advertisements and will even dislike a paper containing them and at the same time will pay more than an article is worth because he did not keep posted. This is certainly poor economy and the man who practices it does not evidently study his own interests.

**THE CONVENTION.**  
Next Saturday is the day for the convention and the people have been reminded through the **HERALD** of its importance. Conventions will be held all over the State on that day to select delegates to the State convention.

Grayson county has already instructed for our highly respected citizen Hon. H. D. McHenry as delegate and John C. Graham as alternate from this district and Ohio county would do herself credit to heartily endorse the action of Grayson.

As we have said before the Democrats from all parts of the county should attend this convention and make it a representative one. The Democratic party has much more to be accomplished. It is the duty of the party to the predictions of the party it succeeded, giving the people straight forward and honest administration and the people are well pleased with

Democratic rule. The Democrats of Kentucky condemn the action of James W. Tate the defuncting treasurer. Our Republican friends are silent when they remember the shortcomings in the accounts of many of their officials. We do not uphold defuncting and dishonesty in any party and we wish to thank the people of a long suffering public, that this controversy will not like Tennessee's look go on forever.

**ENTERPRISE WILL TELL.**  
We shall say that we advocate the O.V. the Norfolk, the Cumberland, the Columbia, or any other railroad, but we do not advocate the enterprise which will tell us that it will come into existence, or that it will not.

It is such enterprise as this that is making Hopkinsville known in the commercial and business circles. It is such enterprise as this that builds cities and railroads. It is such enterprise as this that brings success in its wake and makes a community prosperous. Hopkinsville knows the value of a railroad and is ready to aid in the construction of any other that may come. Hartford can have a railroad but not on any free gift. People to succeed in this day and time must be up and doing. Success comes not to the idler but to the man of industry and energy. The same is true of communities and towns. If they would be prosperous they must be industrious. Railroads are being built in various places but almost everywhere they are at fault from the people. We can afford to give aid to a road under the proper conditions, for in so doing we thereby benefit ourselves.

**LIBRARY NEWS.**  
April 25th, 1888.  
We had a good run last Sunday evening and some half and whole. We had down a considerable number of books and John C. Graham as delegate from this district and Ohio county would do herself credit to heartily endorse the action of Grayson.

The Liberty school has organized a military drill under Capt. J. R. Bowers. Mr. Miller went to Rockport today on business, he will return tomorrow. Deakins Barker is very ill at present.

Mr. Edlin, you or your "devil" ought to be the name of our good and do more in the grade of our students, let's see. Let our students be up and at work, but we mention it to you, let's see. Let our students be up and at work, but we mention it to you, let's see.

### MULHENBERG'S DEED.

Gov. Buckner's veto message on the Ten cent Tax Bill.  
"I respectfully request, without any personal or political bias, that you authorize the County Court of Muhlenberg to levy on all salubrious of the county a tax of ten cents on each dollar of property for certain purposes."  
As far as I am advised this bill was introduced for the following reasons:  
Some years ago the county of Muhlenberg voted a large subsidy to the Elizabethton and Paducah railway. The debt thus incurred seems to have been a burden on the county could pay. After the county had been in default for the payment of the interest on the bonds for a number of years, an act of the Legislature was passed, enabling the county to compound with the holders of the bonds for about one third of their full value. A considerable part of the debt was thus extinguished, apparently with the consent of the county in its corporate capacity. But a number of the county, including the County Judge, undertook, on their individual responsibility, to avoid the payment of the debt by contesting the matter in the courts. They were defeated in their efforts, the county, having decided the question against them.

"An attempt is now made by this bill to compel all the people of the county to pay the personal debts of these contestants by levying a tax of ten cents on every one hundred dollar of property for two years."  
"I know of no authority in the Constitution which would justify a legislative enactment compelling any individual or a community of individuals to pay the personal debts of another individual or community. The proposition is plain to render those that are not responsible for their own conduct and expenses indebted to the county for the purpose of paying their own debts. The proposition is to be levied for the purpose of paying their own debts and expenses incurred since July 25, 1878, by sundry citizens, trustees of Muhlenberg county, is plain to the lower court and appellate in the present case, in various counts, State and Federal, in litigation before the Supreme Court of the United States and the Circuit Court of the United States for the District of Columbia, and the Circuit Court of the United States for the District of Kentucky.
